

Beautii

LONDON'S PREMIER ON DEMAND LUXURY BEAUTY SERVICE DELIVERED BY HIGHLY TRAINED EXPERTS TO YOUR DESK, HOME OR HOTEL

Beautii is dedicated to creating superb treatments and innovative beauty solutions. Delivering make-up applications, blow-dries and nail appointments on demand and at your service, founder Jodie Hayes has designed **Beautii** to seamlessly fit into the time-poor modern woman's lifestyle.

Using only industry professionals; top-tier make-up artists, hairstylists and manicurists, all of whom regularly work on the red carpet and on high end editorial work. All have been personally vetted and carefully selected* by industry insiders at sister company and leading editorial agency, Carol Hayes Management. Of course only the very best beauty brands are used, **guaranteeing Beautii delivers 'best in class' service every time.**

Understanding that the traditional salon model no longer meets the needs of today's fast-paced society, and filling the gap in the online marketplace for a premium service that only uses the highest calibre of artists in the industry, **Beautii** is the new online beauty service with a difference.

Covering areas of Central, North-East, West London and selected areas in South London, appointments can be made by phone, email or online and up to four months in advance. **Beautii** is the perfect solution for time-short women seeking luxury beauty services including at-home pampering, holiday prep, party makeovers and bridal beauty.

Founder Jodie Hayes has in-depth experience in strategy and marketing consultancy within the cosmetics industry and literally grew-up surrounded by the world of beauty at Carol Hayes Management and her mission for **Beautii** is to bring the very best of bespoke beauty to you with just one click.
